Now cut that out!!

Wrestling, a sport of early Greece, is continued under the expert coaching of Mr. Ray Southard and Mr. Tom Dinsey at A.C.S. With team work, tough practice, and lots of muscles, the Blue Devils again had a championship season, highlighted by their defeat of Iroquois Central, who has been undefeated in their past 150 consecutive matches. This was the national record set last year when they defeated Attica. The team has already started the series of wins which we hope will beat this record. For the first time Coach Southard had an undefeated season. Attica wrestlers came into the national lime light when Larry Fugle was written up in the January issue of Sports Illustrated.
