The Navy will represent the United States in the rowing regatta of the seventh Olympiad at Antwerp. The Naval Academy crew, competing against the most powerful college and club eights of the coun-try on July 24 in the combined Olympic try-outs and national championship regatts at Worcester, Mass., left in its wake after a hard tussle the crack crews of Syracuse University and Duluth Boat Club, which

The Navy devotes constant attention to athletics in the fleet and training stations, as well as at the Navai Academy, and probably no other institution has so many trained rowers, swimmers, football and baseball players, fencers, boxers and wrestlers. But this is the first time it has entered the national contests for the all-American teams.
