There are so many things to be said about the accomplishments of the C.A. wrestlers that one article cannot do justice to these dedicated sportsmen. Because Coaches Perhamus, Reho and Canough begin formal training for potential wrestlers in the third grade, there is no shortage of wrestling talent at Canandaigua, even on the Freshman level. Although the Freshmen only compete three times against other teams, they managed to become undoubtedly undefeated. Coach John Parhamus is congratulated, along with the Freshmen, for their outstanding season. On the J.V. level, Coach Dale Reho is also offered congratulations, for his experienced grapplers trounced twelve of thirteen opponents, and many of his wrestlers will return next year for another winning season.

Adding another Sectional win to an already long list of accomplishments, Coach Weldon Canough had an added satisfaction this season when his Varsity wrestlers captured the number two berth in state competition. Beaten only by the number one ranked team, the Baldwinsville "Bees", the Varsity grapplers, turned in astounding scores in all other matches. Every varsity team member boasted an outstanding individual record, and many members had unbeaten records, or went undefeated. The amazing King brothers, at 92, and 132 lbs., went virtually undefeated and both qualified for the State Tournament. Another set of brothers, the Jones Twins also posted excellent seasons, and Bill Hadsell of the wrestling Hadsell brothers qualified for States in the 167 lb. weight class. At 145 lbs., Mike Reho was the fourth wrestler to qualify. Coach Canough should be used to these exceptionally successful results, yet he can only be proud of this fantastic group that has come so far. Congratulations to Coach Canough, and to every Varsity Wrestler!
