Scouts to Offer Light Bulb Bargain to Earn Summer Camp Funds

Starting next Monday, March 22, Boy Scouts of Troop 54, Castile, will be ringing door bells as salesmen, offering the public a bona-fide good deal and at the same time be earning a bit of change to be used to finance a week's stay this summer at Camp Sam Wood.

In cooperation with the New York State Gas and Electric Co., the boys will be selling a popular make of light bulbs. The package retails from the stores at \$1.25, but by purchasing from a Scout, they may be obtained for only \$1 per carton, a saving of .25 cents each. The Scouts in turn will receive from the sponsoring organization, 30 cents for each carton, thus everyone is making or saving money. From the profit, the Scouts will earmark 20c for summer camp fees and the remaining 10 cents will be delegated to each boy to be used in the purchase of Scout or camp equipment of his own choice.

The troop in the area selling the most light bulbs on a percentage basis will win a free week at Camp Sam Wood with all expenses paid.

You as parents and friends can now do "your good turn" of the day by aiding the Scouts and at the same time save money on an item that is needed in every home and office. Plan to purchase a generous supply and help the boys earn their way to summer camp. The campaign will continue until April 19th.
