DHS GRAPPLERS

THE Depew matmen went into their second year of competition expecting to have a very successful season. Along with the returning veterans of last year, the team was strengthened by new grapplers.

These new members along with the old were in need of experience, for in this way only, could the team be strengthened. In order to accomplish this, ten meets were scheduled. The team was also entered in the sectionals this year.

This experience was greatly needed in the sectional meet, in which individual champions of each class were selected. Last year we placed only one first place, Ralph Folino, in the 175 lbs. class, along with two second and four third places. Under the able leadership of Gerald Fredericksen, team captain, we hope to increase our fortunes in the sectionals, along with a good team score during the regular season.
