SHERMAN HAGBERG . . . . Faculty Manager
HARRY A. CARLSON . . . . Student Manager

Wrestling at Mechanics Institute for the past season was not only successful by lead-ing in the final score of the year, but also in attaining a brand of sportsmanship seldom found in collegiate realms. This remarkable showing by the squad as a whole, can be credited to coaches, Mr. Ellingson and Davis, as well as to each individual matman. Sherman Hagberg, Supervisor of Athletics, and Faculty manager of Wrestling, secured the program of high calibre teams pitted against M. I., and through his efforts the teams were furnished with the necessary equipment.

We regret the loss of the major portion of our squad made up of Captain Thomas, Shopmeyer, Maley, Pike, and Roche of the Institute, and Gray, Weibly, Bye, Smith, and Morehouse of the Reserve. However, the Frosh team makes us optimistic and gives promise of another successful season next year.

A wrestling banquet fittingly ended the season. At this time the teams presented Coaches Ellingson and Davis with gifts in appreciation of their efforts toward a successful season.

INSTITUTE WRESTLING TEAM

The Institute team this year again "took up arms" against the strong Chicago University force, who undoubtedly were out for revenge of their tie at the hands of M. I. three years ago. Although they scored twice as many points as did M. I., two out of three falls were credited to Mechanics men, Becker and Pike. Our defeat at the hands of Michigan State, was the major set-back of the season and seems quite unaccountable. Since M. I. first wrestled with Syracuse University, we have tasted defeat, but the scores are getting closer and closer, and at this rate should spell victory for M. I. in another season. Their victory of but two points over the Institute team was well and hard earned, and as per schedule all the falls of the meet were credited to M. I. Western Reserves defensive wrestling ability proved master over the aggressiveness of M. I., and their close victory was also hard earned. Renewed negotiations with St. Lawrence meant defeat for them and offered an excellent foe with which to end the season.

RESERVE WRESTLING TEAM

A Reserve team constituted a new feature in M. I. sports this year. Its members were made up of "runners up" to the Institute team, and their opponents of the better Y. M. C. A. teams of the surrounding district. Although their score of victory and defeat was equal, the point scores made were decidedly higher than those of their opponents.

FROSH WRESTLING TEAM

The Frosh wrestling team celebrated its second anniversary brilliantly by again winning comparatively more points than their opponents, in spite of the fact that they won but two of their meets, and tied two. The '34 class furnished material for a good team which easily won over Alfred University Reserves, and tied the Syracuse University Frosh. Upon this team rests the burden of next year's success, as but three regulars will be with us.
