

WRESTLING SQUAD

Wrestling

For the first time in the history of Marshall College, wrestling was installed as a major sport during the past year, and although the beginnings were humble, the interest taken in this increasingly popular sport was paramount, which would seem to indicate that the hope for the future will be more than fulfilled.

Two meets were scheduled with other colleges—one with Ohio University and the other with Waynesburg College—and although defeats were suffered by Marshall in both of these meets, it will be remembered that both of these schools have had the sport on their programs for several years.

In spite of lack of experience on the part of most of the candidates, Coach Sereno Shafer developed several wrestlers who were outstanding in their respective classes. The intra-mural tournament attracted great interest, besides furnishing the squad an opportunity to gain just that much more experience.

Several men earned letters: Humphreys, Halbert, Fitch, Miller, Maddy, R. McCoy, Massey, and Vaughan, all of whom will be back next year.

Negotiations are going forward for several meets next year with the various colleges of this section. Then Marshall will have advanced another step in the pathway for the greater Marshall College.
