education ain't cheap

It may be worth every nickel spent, but it ain't cheap. It costs a lot to send your children to college. You already know that . . . and we know it too. That's why Marine Midland offers education loans. These flexible, long term loans can help ease the financial burden of "parent scholarships". If you'd like to know more about our education loans, just stop by and see Bob Disney at our Irondequoit office . . . or fill in the form below and drop it in the mail . . . we'll send you all the information you need.

That's what neighbors are for!
