Bottoms up!

Wrestling provides many experiences for boys of all sizes and statures. This sport emphasizes improvement of physical fitness, sportsmanship, the basic wrestling skills, and the ability to handle responsibility.

Captained this year by "the Pats," Palmer and Stamp, the grapplers practiced daily after school under the competent guidance of Coach Cargill. The end of the '64-'65 season showed a record of 6 wins and 12 losses, and a position of fourth out of eight teams in a Christmas Tournament at Caledonia.

The seniors comprised almost half of the team this year, but the underclassmen have gained valuable experience which will provide a strong threat to their adversaries next year.
