# Ripley Wrestlers Struggle Through Season

The Eagles wrestling team has had another tough season. Under Coach Carleton and assistant Coach Marty Rowe, the team has come along way.

Coach Carleton has some big plans for the future of the Eagles wrestling team. Two of them are to capture the Division II title, and to improve their record.

With MVP, Kenny Rowe and Most improved, Andy Schaper, the team

showed a lot of spirit and energy.

We regret to say a sad good-bye to Seniors Dan Kopta and Mark Markley, who have been an asset to the team.

If you're planning on joining the wrestling team, Mr. Carleton's advice to you is, work hard and attend summer wrestling camp.
