This year the wrestling squad made a very good start for the years to follow. The team acquired new members who were taught the art of wrestling. The team as a whole didn't bring home too many victories. The members did, however, show good spirit and were willing to keep going.

In the Steuben County Championship matches at Canisteo, New York, the team placed in three weight classes.

Places that were achieved by the individual boys are as follows:

## **"B" School Classification**

|                              |           |
|------------------------------|-----------|
| 103 pound class—George Hill  | 2nd place |
| 120 pound class—William Dunn | 2nd place |
| 165 pound class—Dace States  | 2nd place |

With more support and new members the out-look for the squad next year is very good. Under the expert coaching of James Thompson the boys will all be trying for championship form next year.
