Clarkson Wrestling Team

This year the Clarkson College wrestling team has embarked on its longest and toughest schedule since wrestling was started at Clarkson four years ago. They faced eight good teams from all over New York State including teams like Alfred, Cortland State, Colgate and R.I.T. Although their record was not as impressive as in previous years, coach Hantz is well pleased with his team's showing to date and says the boys have gained valuable experience from wrestling against good competition. The team is made up of three sophomores, three juniors, and two seniors. With six lettermen returning next year and a very good freshman squad, the prospects for the future are very bright.
