Coach Warren Gregory started his third year as varsity wrestling coach with a goal to have his matmen improve the excellent record they compiled over the past two seasons. The Blue and White grapplers over this period won 17 matches, lost 7, and tied two. Coach Gregory is a graduate of Purdue University where he was a member of two big 10 championship wrestling teams, was awarded four varsity letters for wrestling, and co-captained the Boilermakers team during his senior year.

Thus far this year, the wrestlers have won 9 out of 10 matches, dropping a close 16-13 decision to Case Technical Institute of Cleveland. In spite of the loss of men like Don Adams, Jim Boyle, Martin Dolan and Buddy Upper, their places have been capably filled by such talented grapplers as John Cracza, Bob Nye, Bob Pearl and Don Selle. Don Beitleman, the district heavyweight champion is undefeated at this writing and will be a threat in the invitation NCAA wrestling tournament. Other stalwarts are Al Zwolinski and Don Bero who have been beaten but once this season.
