WRESTLING

Coach Pitluga's varsity wrestling team concluded a very successful season with a record of five wins, five losses, and one tie. The record was outstanding considering that only three wrestlers that began the season were returning lettermen. The new men who came out for the team quickly caught on to the fundamentals of the sport and before long looked like seasoned wrestlers. The team was very impressive in double victories against Cortland and Rochester Institute of Technology and completely overwhelmed Albany with a score of twenty-nine to eight.

The success of next year's team is very optimistic in view of the fact that the entire team, with the exception of the captain Richie Kaufmann, who is graduating, will be back in action with a year of experience behind them.
