### **Schedules**

The official website for Section V Athletics - <a href="www.sectionv.org">www.sectionv.org</a> - will always have the latest and most up to date schedules. Each athletic administration office will update their schedules within the rSchoolToday platform and that schedule automatically synchronizes to the Section V website. The home team school is typically responsible for any changes to their schedule. Please contact your athletic director's office with any questions about schedules.

During sectionals schedule data input will be done by:

Team Sports: Higher seeded team.

Individual Sports: Each school is responsible for inputting their own (leave opponent as various schools).

For regionals and beyond it is up to each school to input their own schedule.

### **Rosters**

All roster submissions can be handled within the rSchoolToday platform. Athletic directors and coaches will have access and can update their school rosters. If your team is a merger of another or many schools not within your own school district, then each school athletic director can update and input their student roster submission from their specific school to form a complete roster. All changes and updates should be taken up with your coach and/or athletic department. What is reflected on the Section V website is from the data they have inputted and can control.

Please note that vendor rSchoolToday Activity Scheduler follows Ed Law 2d and FERPA laws regarding student data. Only data that schools should be inputting online for rosters:

- First Name
- Last Name
- Roster # (if jerseys provided)
- Position (if applicable to activity)
- Grade Level

Anything additional would be specific for a sport or school decision on things like height or weight. Please consult with your athletic director and sport coordinator.

### Results

All results or scores should be reported immediately following the game by the winning team on the rSchoolToday platform. Coaches will be provided necessary access to do this from their athletic directors. Section V only needs the result of the contest. Any additional reporting of results can be done once rSchoolToday results have been inputted, which should only take a few seconds from Activity Scheduler rSchoolToday Mobile App. Online content managers for each sport will be checking frequently and assisting schools and coaches with getting their input in a timely fashion. This is important to help determine sectional standings as games are inputted.

### **Brackets**

All team brackets for sectionals will be inputted on Sidearm Sports platform and online content managers will be provided necessary access to update and make changes to each bracket. These will be available as soon as sectional seedings and tournament have been finalized. All brackets will then be available on the Section V website as changes are made.

### Social Media

Please follow the <u>Social Media Policy</u> and all of the official <u>Section V Social Media Accounts</u> that should be utilized to highlight things going on in your specific sport. Another resource is the <u>School-Run Social Media Accounts</u> directory, which is updated as schools provide details.

### Media

All members of the media can provide their information <u>using this form</u> and Section V will add their information to an online directory for all sports to utilize. Section V encourages all coaches and athletic directors to use this directory to highlight their student athletes. All of our media do a fantastic job of covering high school sports and we must all do our part to help them get the information they need in a timely fashion.

# **Section V Wrestling Post Season**

### **Entries:**

Each school is allowed to enter up to 15 wrestlers to fill the 13 weight classes. However, only two weight classes may have double entries. Those extra wrestlers must be entered in the same weight class for both the Class Tournament and State Qualifying Tournament.

The top six place finishers from the Class Tournament will automatically advance to the State Qualifying Tournament.

All wrestlers are officially entered in the tournament prior to the beginning of the seeding meeting when their line-ups are due. Once the seeding has been completed a wrestler cannot be moved from that weight class. If a wrestler has been entered into the weight class and cannot compete at class sectionals (i.e. injury/illness) that wrestler can be replaced by a wrestler that has <u>not</u> already been entered in the tournament and that wrestler does not meet the At Large criteria.

To be eligible for sectional or state competition, contestants in individual sports must have represented their school in six (6) scheduled contests. The scheduled contests must occur on six different dates and must conclude prior to the conclusion of the team's regular season. Those competitions could be a varsity match, JV match, forfeit, or exhibition. An individual tournament or dual meet tournament counts as one (1) scheduled contest.

<u>State Qualifier</u> – Wrestle-backs will be from the quarter finals only. Any losers before that round will be eliminated from the tournament.

Division One will have a true second place finisher. If the third-place finisher and runner-up have not met during this years state qualifier tournament they will wrestle after the finals match to determine who is the second place finisher. The top two wrestlers from Division One will represent Section V in the NYS Wrestling tournament. Division Two will send the top three place finishers to the NYS Wrestling tournament. So there is no need for a true second place match.

# Section V At Large into State Qualifier

Wrestlers who wish to obtain a wild card into the Section V State Qualifying Tournament must meet at least one of the following criteria:

- 1. Have a winning percentage of at least 85%.
- 2. Placed 1<sup>st</sup> 4<sup>th</sup> in the Section V State Qualifier the previous season.
- 3. Section V Class Sectional Tournament *finalist* from the previous season.
- Wrestler must be entered into the Class Tournament as one of their team's 17 entries but *cannot* compete in the class tournament
- At Large consideration will only be given to wrestlers who have contacted the Section V Chairperson and have filed the correct paper work by the deadline which will be the Monday following the class tournaments by noon, unless otherwise noted.
- If a wrestler has entered the class tournament and cannot complete the tournament due to injury, illness or other circumstances and that wrestler has not placed high enough to advance into the State Qualifier, that wrestler is NOT eligible for consideration for an At Large entry.
- Disciplinary suspension from post season competition is not a criterion for an At Large entry.
