Wrestling

Our very popular winter sports are basketball and wrestling.

Wrestling is a winter sport which commences in November and ends in February. The coaching is handled by Mr. Grunwald and Mr. Post. The main objective of the team is the league championship although the team does compete with non-league teams for experience and of course the honor of victory. During the season, individuals are given the opportunity to compete in tournaments such as the Hornell Invitational. At the end of the year a tournament is held to determine the county champion of each of the weight classes. The winners go on to try for sectional glories.

Basketball practice starts in November and games continue into March. Mr. Pope is varsity coach and Mr. Baker handles J. V. s. Under the direction of these two men, our basketball program has been highly successful. Varsity scores to publication date are:
