It was an experiencing year for the Eagle grapplers. The young team finished off their season with a record of 3-6. They proved that they had the strength and will-power to get through the season. They worked hard and were committed to their sport. Our hats are off to the Eagle grapplers and we commend you for your spirit towards RCS.

Booze,
to a nice out
that is wild and
crazy some times. Remember
all the matches that year. I
hope you have fun in the future
