

# NYS WRESTLING TOURNAMENT SEEDING MECHANICS 2010-2011

## NEW YORK STATE TOURNAMENT SEEDING MECHANICS 2010-11

“The NYSPHSAA Wrestling Committee maintains the authority to make adjustments in tournament seeding, through the appeal process, when the purpose and objective of the seeding procedure has not been met”.

Beginning with the 2009-10 season it shall be mandatory that all coaches enter all rosters and all competitors wrestled using the NWCA database. They will no longer have the option to track data and results manually using last year’s NYS-SEED SHEET.

As season records are a component of determining “At-Large” candidates, the following guidelines should be followed when calculating wrestler’s records.

1. All matches supervised by a NYS approved official must be entered into the NWCA database (regardless of whether it is referred to as a varsity, junior varsity, exhibition or any other designation). Matches involving members of the same school team do not count *except* in tournaments. When applying for “At-Large” entries, **ONLY THE VARSITY RECORD** shall be used.

2. To be consistent on recording Individuals records:

Procedures for recording wins/losses on individuals records. **(REVISED July 2010)**

**Wins and losses for Forfeits must be recorded consistently throughout the state by following the new procedures outlined in the NYSPHSAA Wrestling Program Booklet 2010-11 under the section titled: Wrestling Forfeitures**

### **ENTERING POST-SEASON COMPETITION**

(Sectional Qualifiers, Divisionals, or Open Sectionals)

**Each Section will run their own seeding meetings and qualifying tournament(s) to determine their Sectional Champs and placewinners.**

1. No wrestler may be seeded in a Post-season Qualifying Tournament unless he has a printout of the **DISTRICT REPORT FORM from the NWCA database.** Sectional Chairmen will announce dates they are to be turned in as well as number of copies needed. **The sheet must be signed by both the coach and the wrestler to verify its accuracy.**

2. For Sectional Qualifiers/Divisionals and Sectional Seeding meetings: Sections have the option of using the NYS Point System for Competition Points or adopting their own point values. The **Sectional Seeding Competition Points** column is an optional column on the NWCA District Report Form printout.

## NYS WRESTLING TOURNAMENT SEEDING MECHANICS 2010-2011

3. All Coaches must verify the points shown for each wrestler on the NWCA District Report Forms in the **NYS Seeding Competition Points column** based on the following table. As the post-season tournament has not yet started you will not know if you have defeated a current year: Sectional Champ or an “At-Large” Qualifier. The only points you are listing at this time are points for defeating a NYS placewinner in either D1 or D2 from last season.

### NYS COMPETITION POINTS TABLE

**2010-11**

-A wrestler who defeats a NYS placewinner from either D1 or D2 last year will earn the points listed in the following table.

-A spreadsheet entitled: **Results-09-10-ALLSections** is available from your Sectional Chairmen or any NYS Wrestling Committee Member. This spreadsheet lists all Sectional and NYS Placewinners from last year, alphabetically by school. The points earned by beating one of them are shown.

-The maximum number of times you can earn Competition Points for beating the same wrestler has been capped at two victories. If you beat the same wrestler three times you will not earn points for the third victory (only for the first two) **Exception: If the wrestler you beat was a State Place winner, you would earn the Competition Points EVERY time you beat them (and would not be limited to just twice)**

-Wrestlers earn Competition points for defeating a wrestler who placed at the State last year, or who has qualified to wrestle at the States this year.

**-Wrestlers will not get competition point values for beating Section Champs or At-Large Qualifiers when there are less than 12 teams (with rosters of 25 or less) in the wrestler’s Section.** (They would earn the Competition Points if the wrestler from that Section, was a NYS place winner .(same procedure used for At-Large qualifiers).

-For 2010-11 no credit is given for defeating “Out of State” State placewinners as it was felt it would be too difficult to verify these points.

Last years NYS Tournament	COMPETITION POINTS earned for current year
<b>1st Place</b>	<b>38</b>
<b>2nd Place</b>	<b>30</b>
<b>3rd Place</b>	<b>26</b>
<b>4th Place</b>	<b>22</b>
<b>5th Place</b>	<b>18</b>
<b>6th Place</b>	<b>14</b>
Current years Sectional Tournament	COMPETITION POINTS earned for current year
<b>Section Champ</b>	<b>10 *</b>
<b>“At-Large” winner</b>	<b>5 *</b>

\*- Points for Section Champs and “At-Large” winners will not be know until all Sectional tournaments have been concluded and all “At-Large” Qualifiers have been announced.

# NYS WRESTLING TOURNAMENT SEEDING MECHANICS 2010-2011

## Coaches of Sectional Qualifiers:

Once your Sectional Qualifiers/Divisionals are completed, coaches should update their **NWCA District Report Forms** to include wins and losses earned at the Qualifier (Divisional) for any wrestler who has qualified to continue to compete at Sectionals. Once again each Section will run their own seeding meetings to determine their Sectional seeding.

## Coaches of Section Champs and possible “At-Large” Qualifiers:

### BEFORE THE NYS TOURNAMENT SEEDING MEETING

Coaches must update their **NWCA District Report Forms** as follows for each Sectional Champ and for any possible “At-Large” Qualifier you think you may have (2<sup>nd</sup> or 3<sup>rd</sup> Sectional place winner)

- 1-Include wins and losses earned at the Sectional Tournament.
- 2- Coaches should now edit each Sectional Qualifier’s NWCA District Report Forms to make sure they do not print out any JV or exhibition matches listed: as they are not to be evaluated for State seeding. Each wrestlers final W-L Record will now be printed at the bottom of the form. **(THIS RECORD IS TO ONLY INCLUDE VARSITY MATCHES)**. Please verify the accuracy of each wrestler’s record.
- 3-Next, update the Post-Season Competition points column. Now that you know who the Section Champs are (from your own Section) you may have defeated one of them during the year at a dual meet or a tournament. If so, your wrestler is now entitled to 10 Competition points for beating them.
- 4-Coaches must also verify the Placement Points line of the: **NWCA District Report Forms** for each of their qualifiers, based on the following table.

# NYS WRESTLING TOURNAMENT SEEDING MECHANICS 2010-2011

## NYS PLACEMENT POINTS TABLE 2010-11

- Wrestlers earn Placement points for placing at the State last year, or for qualifying to wrestle at the States this year.
- Wrestlers receive only one point value from this table (the higher point value) with the following exception: In a situation where a wrestler qualifies for states and was a Place winner in the **Top 4 last year and a State Champion, two years prior**, they will receive Placement points from the chart for last year's finish plus the additional 120 points for the previous State Championship two years prior.
- (If the wrestler was a State placewinner last year, they earn those points only, they do not also get points for being a Sectional Champ or "At-Large" Qualifier this year.

Last years NYS Tournament	PLACEMENT POINTS earned for current year
<b>1st Place</b>	<b>120</b>
<b>2nd Place</b>	<b>80</b>
<b>3rd Place</b>	<b>60</b>
<b>4th Place</b>	<b>50</b>
<b>5th Place</b>	<b>40</b>
<b>6th Place</b>	<b>30</b>
<b>7th Place</b>	<b>25</b>
Winner of the sometimes required match due to a Federation wrestler placing in the Top 6 last year	

Current years Sectional Tournament	PLACEMENT POINTS earned for current year
<b>Returning Qualifier</b> NYS Qualifier in '09 & '2010	<b>19 *</b>
<b>Section Champ '10</b>	<b>18 *</b>
<b>"At-Large" winner '10</b>	<b>14 *</b>

\*- Points for Section Champs and "At-Large" winners will not be know until all Sectional tournaments have been concluded and all "At-Large" Qualifiers have been announced.

At this point the GRAND TOTAL point value at the bottom is **NOT** totaled as you are awaiting results of the other Sections to see if any of your State Qualifiers will be receiving any additional Competition Points for beating an Out-of-Section State Qualifier(s).

### Sectional Chairmen:

#### **Before the NYS Tournament Seeding Meeting:**

1-Collect one **NWCA District Report Form** for each Sectional Champ and for each possible "At-Large qualifier. At this point the GRAND TOTAL point value at the bottom is **not** totaled as you are awaiting results of the other Sections to see if any of your State Qualifiers will be receiving any additional Competition Points for beating any Out-of-Section State Qualifier(s).

2-Sectional Chairs (or their designee) should verify ALL submitted forms for any entries made to the NYS SEEDING Competition Points column of the **NWCA District Report Forms** using the **Results-09-10-ALLSections** spreadsheet to verify data. Please initial in the right margin for each of these point values to indicate to the NYS Seeding Committee that these values have been double checked.

# NYS WRESTLING TOURNAMENT SEEDING MECHANICS 2010-2011

## NYS TOURNAMENT SEEDING CRITERIA

The following criteria will be applied to each weight class by the NYS Seeding Committee on the Wednesday prior to the NYS Tournament. All Sectional Chairmen or their designees **MUST** attend the seeding meeting. The meeting will be run by a designee of the NYS Wrestling Chairman.

### **Procedure I: Initial Point Ranking**

- 1.-Returning state champs will automatically be placed as the first seed** and remain in the top position, unless another wrestler on the board can jump them with a Head to Head win
- 2. Returning Place winners (top 3) (limited to going up one weight class) will automatically be placed as next available seeds and remain in the next position, unless another wrestler on the board can jump them with a Head to Head win.**
- 3.**All remaining wrestlers will be listed in rank order from the wrestler with the highest number of points to the wrestler with the lowest number of points. **All wrestlers will have earned a minimum of 5 points for At-Large Qualifiers or 10 points for Section Champs.** (Wrestlers with 5 or 10 points who have a head-to-head or common opponent advantage over any ranked opponent will be listed at the bottom of the ranking list.) Any wrestler with a head to head over a wrestler who is eligible to be seeded will them self automatically be eligible to be seeded. .
- 4.Eight wrestlers per weight class will be seeded.** If a weight class does not have enough seedable wrestlers earning in excess of 16 points, then less than eight will be seeded. Additional seeding criteria should not be invented to try and get enough seeds. (Example: Not enough 96 pounders may have in excess of 5 points as many of them do not have any prior year places). If two wrestlers have the same point values for the #8 spot. That weight will seed 9 wrestlers.

### **Procedure II Head-To-Head Competition**

1. Defaults and Disqualifications count.
2. The winner receives the loser's quality points, plus a double (++) edge over that opponent.
3. We will start the head-to-head evaluation with the wrestler who has the highest number of quality points from Procedure I. The second-ranked wrestler has the first opportunity to advance on head-to-head competition over the top-ranked wrestler. The third-ranked wrestler follows and so forth in the order of Procedure I rank. However, **a wrestler may not move over an opponent to whom he has lost.**
4. In head-to-head situations where opponents met twice, the most recent win takes precedence.
5. Where opponents met an odd number of times, the wrestler with the best record in these matches will receive the higher seed.
6. This will establish a new quality point ranking.
7. Note that whenever possible, procedures are to be applied immediately in a proper priority order. For example, if a wrestler is prevented from using a head-to-head because of a block, and that block is removed by a succeeding common opponent procedure, then the wrestler who is no longer blocked will immediately exercise his head-to-head advantage (prior to completing the common opponent procedure).

# NYS WRESTLING TOURNAMENT SEEDING MECHANICS 2010-2011

## **Example:**

It is important to remember that each seed is established one-at-a-time beginning with number one and proceeding in descending order. The NYS Seeding Mechanics puts the names of all seed-worthy wrestlers up simultaneously. By working from the top downward the highest ranking wrestlers will have first chance at the top seeds, but each lower ranked wrestler will still have a chance to move up in rank order turn.

For example:

ORIGINAL RANKING =	1. Jones	100 points
	2. Smith	98 points
	3. Williams	84 points
	4. Brown	30 points
	5. Stevens	12 points
	6. Matthews	6 points

Williams has a head-to-head over Jones. Smith cannot block Williams. Matthews has a common opponent over Smith and a head-to-head over Jones, but Williams has a head-to-head over Matthews. If we start from the bottom upward, Matthews stays at number six even though he has criteria over the top two point bearers because he is blocked by Williams. By working from the top downward, Williams moves to the number one spot where he belongs. Matthews is then free to move over Smith and Jones.

### SEEDING FROM BOTTOM UP

1. Williams
2. Jones
3. Smith
4. Brown
5. Stevens
6. Matthews

### SEEDING FROM TOP DOWN

1. Williams
2. Matthews
3. Jones
4. Smith
5. Brown
6. Stevens

## **Common Opponents have been eliminated in the criteria.**

### **Procedure III First Tie-Breaker**

1. If a tie exists between or among wrestlers for a specific seed, go back to the relative ranking of the tied wrestlers from procedure II (final head-to-head ranking). For example, wrestlers ranked 3 through 6 after Procedure I are now tied in quality points for second after Procedure II. As a group they are all ranked behind wrestler number 1 but ahead of wrestler number 2. Number 1 is the first seed, number 2 is the sixth seed, and the remaining wrestlers are separated according to their final relative head-to-head rankings.

### **Procedure IV Second Tie-Breaker**

1. If a tie remains between or among wrestlers for a specific seed, go back to the relative ranking of the tied wrestlers from Procedure I (original quality point ranking).

The language in Sections III and IV clarifies that returning to the quality point ranking of a previous procedure to break a tie only applies to the process of separating the specific wrestlers who are tied.

### **Procedure V Third Tie-Breaker**

1. If a tie remains between or among wrestlers for a specific seed, the wrestler with the HIGHER winning percentage will earn the seed.

### **Procedure VI Committee Decision**

1. If a tie remains between or among wrestlers for a specific seed, it is understood that the wrestlers in question are now deemed to be equal by criteria. The seeding director will decide the order of the tied wrestlers by drawing sticks (or other objects, but *not* by coin flip).

# NYS WRESTLING TOURNAMENT SEEDING MECHANICS 2010-2011

2010-11 Starting points per NWCA Winter meeting:  
**D1=Section tba D2=Section tba**

## Procedure VII Bracket Development

1. At the Winter NYSWC meeting a draw will take place to determine a starting point for the non-seeded wrestlers. All sections will be placed in a hat and one Section number will be drawn. CHSAA will follow Section 11 and PSAL will follow CHSAA in the Section rank order.
  2. When the tournament is seeded: The eight seeded wrestlers will be placed on the appropriate lines.
  3. The starting point at each weight will be randomly drawn for D1 and D2 prior to the start of the sectional tournaments.
  4. The starting point for 96 lbs will be the Section# drawn at the winter meeting. The starting point for 103 lbs will be the Section # following the drawn number. Each weight class will go up by one section number.
  5. In situations where a Section has more than one entry, due to an At-Large qualifier, the lower wrestler will be placed first when that Section # comes up. The At-Large line is placed before the Sectional Champ line.
  6. A wrestler will not wrestle another wrestler from their Section in the Round of 16.
  7. The unseeded wrestlers will then be placed on the unseeded line numbers with the starting-(drawn number) on Line #2. If a conflict exists, the next available Section # will be used then the Section # removed due to the conflict will be immediately put back into the draw at the next available line.
- EXAMPLE: A=Champ B=At-Large: D2 Wt Class Seeds are:  
 1<sup>st</sup>=S1, 2<sup>nd</sup>=S2, 3<sup>rd</sup>=S3, 4<sup>th</sup>=S4, 5<sup>th</sup>=S5, 6<sup>th</sup>=S6, 7<sup>th</sup>=S7, 8<sup>th</sup>=S8  
 If Drawn Section =9, then following bracket is prepared  
 Unseeded wrestlers are:  
 9, 9-AL, 10, 11, 11-AL, P, 1-AL, 3-AL

### Possible Adjustment needed:

8. Once the bracket from Step 1-7 above is completed, it should be reviewed for situations where a Section has two or more unseeded wrestlers competing. If by following the above procedure the Section Champ ends up wrestling a higher seeded wrestler than the At-large wrestler, the line numbers of the two wrestlers from the same Section should be swapped to assure the Section Champ gets the lower seeded wrestler in the Round of 16. In the Example shown the S11 Champ was placed correctly on Line 15 but the S11-AL got the better draw. Therefore the two S11 wrestlers should switch. The S11 champ goes to Line 6 and the S11-AL goes to Line 15 to complete the finalized bracket.

# NYS WRESTLING TOURNAMENT SEEDING MECHANICS 2010-2011

## **Procedure VIII Appeals**

1. If logic can substantiate the fact that an error in seeding procedure has occurred, a coach can present his case to his Sectional Chairman who will in turn present the case to the NYS Seeding Committee at the Thursday NYSWC meeting preceding the tournament.

## **If a wrestler scratches from the State Tournament:**

If the wrestler who scratches was seeded in Top 8, the remaining 7 seeded wrestlers will be rotated upward to take the spot of the scratched wrestler. The weight class will NOT be re-seeded. The spot of the 8<sup>th</sup> seed will now become a BYE. If because of this new rotation, two wrestlers from the same section are now scheduled to meet in the first round, the Section # of the non-seeded wrestler will be flipped with the Section # of the non-seeded wrestler right below them.

If the wrestler who scratches was not seeded, the line they were on will become a Forfeit.

If the seeded wrestler who scratches, is replaced by another wrestler, the rotation of the remaining 7 seeded wrestlers will occur. The remaining 9 lines of the bracket will be redone starting with the same Section # on Line 2 that was originally used at that weight. The replacement wrestler will now be included as the lowest ranked wrestler in that Section. (In other words, if the Section with a replacement wrestler has an At-Large qualifier, the replacement wrestler will be inserted into the bracket when their section number comes up (before the At-Large qualifier is inserted).

## **Wrestlers who change Divisions from one year to the next:**

When a D1 wrestler moves to D2 (or vice versa) they are treated the same with respect to earning Competition points and Placement points.
