Signs of Spring

Spring is just around the corner! Who could deny this fact when you hear the cheerful call of a robin and feel yourself coming down with a nice sneezy cold?

People getting out their Spring coats and hats and the young girls putting on their anklets are other signs of Spring.

Spring is the time when mother is usually the busiest, not only with house cleaning but with always trying to keep the children clean, if she has any. For another thing, you don't know just what to wear—whether a raincoat, overshoes or your spring coat. Spring is so uncertain! But Summer always comes after Spring with its vacation and good times on hand to greet us.

Grade News

The fifth and sixth grades are starting a new project for history. It represents a plantation in the South before the Civil War. The buildings include a colonial house, slave quarters, cotton gin and stables. The house will be furnished with miniature colonial furniture.

The fifth grade boys and girls also are making a Spanish house for history.

High School Party

A party for the High School is planned for Thursday night. All High School classes and faculty are included but no outsiders. Two committees—Ents and Entertainment. These committees consist of representatives from each class.

The Entertainment Committee reports that the new recording machine is to be the main attraction, but that there will be games for those who do not dance. Some of these will be ping pong, guessing games and other contests.

And a good time is expected to be had by everyone.

Baseball

In a few more weeks they will open the baseball season. The big leagues have already opened spring training. Their training takes place in the south. In a few more weeks the frost will be out of the ground and the High School teams will start practice. The Belfast team has already started practice in the gymnasium. Belfast will have the same team they had last year except for our last year's catcher Adolph Coccart. Last year Belfast took second place and although this year's schedule has not been made the boys are looking forward to a very successful year.

Letter From Grampy

Dear Elias:

Wal, this letter to you seems to be a habit. And they say good habits shouldn't be broken. Or is this a good one? Anyway, I am writing again. Or perhaps you noticed that. Not much doing around home this week. It's been kinda quiet. I seen a robin yesterday morning. He was out in back of the house sitting on a clothesline. Mammy done seen a bluebird, too. Benjy says some of the gals be wearing ankle socks. And that's a sure sign o' spring, ain't it?

Benjy says his teachers act kinda crazy. Guess it must be spring fever. Hope it will help my gont.

Wal, be seeln' you,

Grampy.

Wrestling Teams

Last Friday night the Belfast Hi School wrestling team defeated Soto by a score of 28-8. The matches were quite even in most cases; our boys being hard-pressed to pin the Soto boys, who had been handicapped by lack of a full-size mat for practice.

Belfast's boys showed a marked improvement in their knowledge of and ability to use different holds

due to the practice they have had the last several weeks.

The boys appreciate the crowd that turned out to support them. It is planned to have at least one more match in Belfast this season.
