Wrestling

Wrestling is not an exhibition of tumbling, mixed with faked groans and convulsions resulting from imaginary pain, but a contest between two boys of equal weight using all of their speed and skill to pin their opponent. This year Brockport grapplers had the best team in years. It was comprised of two county champions, other experienced wrestlers, and many promising first year men. With the coaching of Mr. Aceto, the team became one of top contenders in the county.

Talk about pretzels?

Oh, my ribs!!
