SATURDAY 12/3/11

Coach Brian Tatar

Coach Mike Vitale

Dear Athletes and Wrestling Fans,

On behalf of the Byron-Bergen Wrestling Club we would like to welcome you to the 16th Byron-Bergen Wrestling Invitational. The Wrestling Club has worked closely with our coaching staff and school administrators to make this an exciting and memorable day for not only the student athletes but for the fans as well.

The BB Wrestling Club is one of the oldest Clubs here at Byron-Bergen with its origins going back to the 1960's. The parents and fans have supported our athletes over the years by fund raising, assisting students with equipment, organizing team trips and in general supporting our coaching staff.

We encourage positive sportsmanship from athletes and fans and recognize the dedication that our students must give to be successful in the toughest high school sport, wrestling.

Thank you and enjoy the day.

TOURNAMENT**
SATURDAY 12/3/11

High School Wrestling 101

High school wrestling is commonly called "folkstyle" wrestling. The objective of the sport of wrestling is to "pin" your opponent. A pin (also called a "fall") is awarded by putting your opponent on his back with any part of both shoulders or shoulder blades in contact with the mat for two seconds. Once you pin your opponent the match is over and you are the winner.

If neither wrestler gets pinned, the winner is the wrestler who has scored the most points during the match. There are five ways to score points in a folkstyle wrestling match: Takedown, Escape, Reversal, Near-Fall, and Penalty.

Match Scoring

Takedown - 2 points - from a neutral position (both standing with neither wrestler having control) a wrestler gains control over his opponent down on the mat.

Escape - 1 point - When a defensive (bottom) wrestler gains a neutral position and his opponent has lost control.

Reversal - 2 points - When the defensive wrestler comes from the bottom position and gains control of his opponent, either on the mat or in a rear standing position.

Near Fall - 2 or 3 points - When near fall criteria is met for 2 seconds. Near fall criteria is when any part of both shoulders of the defensive wrestler are held for at least 2 seconds within four inches of the mat or when one shoulder is touching the mat with the other shoulder held at an angle of 45 degrees or less. If a near fall criteria is met for 2 seconds then 2 points are awarded. If near fall criteria is met for 5 seconds then 3 points are awarded.

Penalty - 1 or 2 points - A wrestler is awarded point(s) for technical violations or infractions of the rules committed by his opponent. A penalty is usually 1 point unless it is a multiple occurrence of the infraction (usually third) which is then a 2 point penalty.

Match Duration

A full match consists of three periods. Only a pin or default terminates a match prior to the completion of three periods. The typical duration of the periods is as follows:

Varsity Championship Rounds: 2 min - 2 min - 2 min

Varsity Consolation Rounds: 1 min - 2 min - 2 min

(For Junior Varsity, some tournaments shorten the match length to speed things up.)
