Wrestling Cheerleading

The 1993 Wrestling Cheerleaders had another season of successes and fun. Their highly spirited and peppy cheers added greatly to the successes of the Wrestling team. Under the coaching of Mrs. Dawn Fraser, the girls captured the true meaning of pride in their school. They were another team for everyone to be

proud of.

The girls deserve a lot of credit for their dedication, and hard work. They are a great contribution to our sport's program. A huge congratulations goes out for all their talent. A Rah Rah for you, too!!

WRESTLING

Building a team.

As you know the team struggled last year in the heavier weight classes and that lack of depth made it hard for the team to pick up wins. This year the Tigers were fortunate to recruit a couple more guys.

Coach Fisher molded them quickly into strong wrestlers, thus filling the team with solid competition throughout all the weight classes.

The LCS grapplers started this year's season off with a victory over Akron. The team also demonstrated its talent by capturing its

first first place victory ever at the Medina Team Tournament.

Strong performances by Ridley, Buckland, Romano, Fletcher, and Newman highlighted that team victory.

From what we've seen so far, as of this writing, the Lyndonville mat men will have a solid season, because the team is properly focused according to Coach Fisher's primary principle, "The will to win is not nearly as important as the will to prepare to win."

Fletcher tastes victory at the Geneseo Tournament.
