

# 1979 VARSITY WRESTLING

Wrestling is a sport that is very lonely. You're out there all by yourself and if you lose, you have only yourself to blame. It's like a long journey into the unknown. You really can't plan what you are going to do because you don't know what your opponent is like until the match begins. Killer instinct is an essential ingredient in being a good wrestler. The best part of the season is when you go head to head with the best in the league. When your arm is raised in the end, it's a feeling you'll never forget. It's a very long season but in the end it's worth all the work and time you've put into it.

This past year we have really pulled together for a very good season. With all our practice and work, we still had a lot of fun.
