WRESTLING TEAM

The original foot ball's "grip and greenery" could not sell the 1922-23 college year a successful one. For, only defeats were gained from matches with McGill, Ontario and Champlain Colleges.

Individuals would win in their class — but the team as a whole would finally lose the match. Good sportmen all, in spite of their losses, the team was represented at the New

Fork State Wrestling Tournament of Junior Colleges which was held in Middletown.

Without a doubt, the greatest handicap has been the lack of training facilities. Since many of the team's opponents have been from 4-year colleges they have been more experienced than our boys.

The spirit of the wrestling team can best be illustrated by the following adage — "If you don't succeed on first, try, try, again."
