Youth, Future Hope

"Our year was quite interesting. We possessed a young team made up of one freshman, four sophomores, three juniors, and six seniors. The boys who stuck with the rigorous drilling, constant conditioning, and the actual matches themselves are true winners, no matter what their records were! I feel that our high point of our season was the Irondequoit match. Even though we lost, we taught a team, much better than us, never to scoff at underdogs. After spending five seasons on the mats, I feel I gained a true appreciation for the sport.
