

Veterans Cause Reversal

The 1984-1985 Spartan wrestling team has shown great potential compared to the teams of the past, because of the new coaching staff which consists of head coach **Paul Brigandi** and assistant coach **Ray Porteus**. The two veterans added life to the thinning Spartan team.

The Spartans started the season with five losses but after digging in they managed a record of 8-7. The sudden change of pace was due to the four senior captains: **Bob Rawleigh**, **Vic Johnson**, **Paul Alonge**, and **Jon Owen**, who brought leadership to the team. Five wrestlers ended with over twenty wins: **Rawleigh**, **Johnson**, **Owen**, and juniors **John Gray** and **Dave Currie**. Out of all the triumphs the Spartans secured this year, the high point came when the team defeated cross town rival Greece Athena. The Spartans are satisfied with this season's accomplishments.
