Dick McKeever pinning opponent

Hampered by injuries, ineligibilities the U.B. squad had a poor 57–58 season, however poor only as team scores indicated. Individually we had some of the finest wrestlers on the squad ever to represent the University.

Our team high point man was Richard McKeever at the 130 lb. class, who led the way with many exciting falls. Most impressive was his win by fall over Lock Haven. Gary Freis at the 147 lb. class dazzled the spectators with his leg work and his famous 'guillotine.' Gary was the outstanding wrestler at the A.A.U. Tournament winning the championship title. At 137 Captain Ted LaVigna was the most improved wrestler of the year. With no previous experience he grappled like a 10 year veteran this year and won more than his share of hard fought bouts. Paul Kehoe at 157 moved up a weight to accommodate the team and he too was outstanding throughout the season. The squad suffered the most from the 167 through the heavy weight with no returning men. The following helped out at times but they couldn't stick it out for one reason or another—Jerry Coles, Robert Muscarella, Peter Warnock, Samuel Sanders, and Arthur Francis. We sorrily missed Richard Hall who was put out of commission due to a severe accident. The most outstanding replacement in the 123 class was Jack Davies 'Mr. Guts' as we called him. Jerry Tercho and Edward Spiegel also did well in this spot. Chuck Tirone filled in after Sam Sanders and did as fine a job as any heavy weight ever did.

In the Freshman area the squad was plentiful and next year we should have some excellent varsity contenders. Outstanding among these were Stuart Slocum, Thomas Bihr, and Chuck Hunsinger. Special Thanks go to our top managers Richard Hall and Howard Lassman also to the assistant coach Fred Dunlap.
